around Europe

VLISSINGEN

- Student and tourist town
- 45.000 inhabitants/90.000 in summer

ABOUT HZ

- **Government funded university of applied sciences**
- **4500 students / 400 international**
- **Ranked top 3**
- **27 bachelor programmes in Dutch (22 in top 3)**
- **9 programs in English / 4 ranked 1st**
- **67% graduate employment, 27% pursue a Master's Degree**

WARM WELCOME

Introduction week

- ✓ Help with the accommodation
- ✓ Registration
- ✓ Welcome dinner
- ✓ Fun outdoor activities = many new international friends

BACHELOR'S PROGRAMMES AT HZ

International Business and Management Studies

International Business and Languages

Vitality and Tourism Management

Water Management : Aquatic Eco Technology / Delta Management

Civil Engineering

Chemistry : Life Sciences / Applied Chemistry

Logistics Engineering

WHY DO STUDENTS CHOOSE HZ ?

BECAUSE OF THE:

- ✓ QUALITY
- ✓ PROFESSIONAL PRACTICE
- ✓ INDIVIDUAL STUDENT COACHING
- ✓ INTERNSHIP OPPORTUNITIES
- ✓ INTERNATIONAL ENVIRONMENT

UNIVERSITY
OF APPLIED SCIENCES

HZ – STANDING OUT

STUDY PROCESS

- ✓ Learn in a small groups;
- ✓ Obtain personal attention;
- ✓ Have practical classes where you apply the theory in practical situations;
- ✓ Friendly teachers
- ✓ Study coach

“Where students matter”

- ✓ *IF YOU HAVE AN ECONOMIC BACKGROUND*
- ✓ *IF YOU ARE INTERESTED IN BUSINESS AND TRADE*
- ✓ *IF YOU WANT TO WORK IN THE TOURISM SECTOR*

- Hz **International Business and Management Studies**
- Hz **International Business and Languages**
- Hz **Vitality and Tourism Management**

THE DELTA ACADEMY

- Civil Engineering
- Water Management

Learn how to:

- ✓ plan
- ✓ design
- ✓ build

in a safe, sustainable
and cost-effective way.

- ✓ solve problems that occur in deltas all over the world.

CIVIL ENGINEERING

Specialized in Coastal protection and hydraulics

Opportunities:

- ✓ Team work on macro scale projects
- ✓ Managing big (inter)national projects
- ✓ Designing/building bridges, roads, dikes, tunnels, islands and airports along the coast

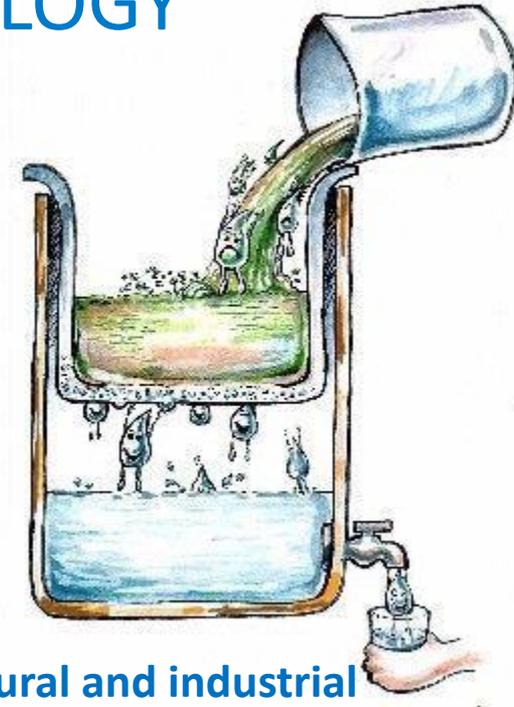

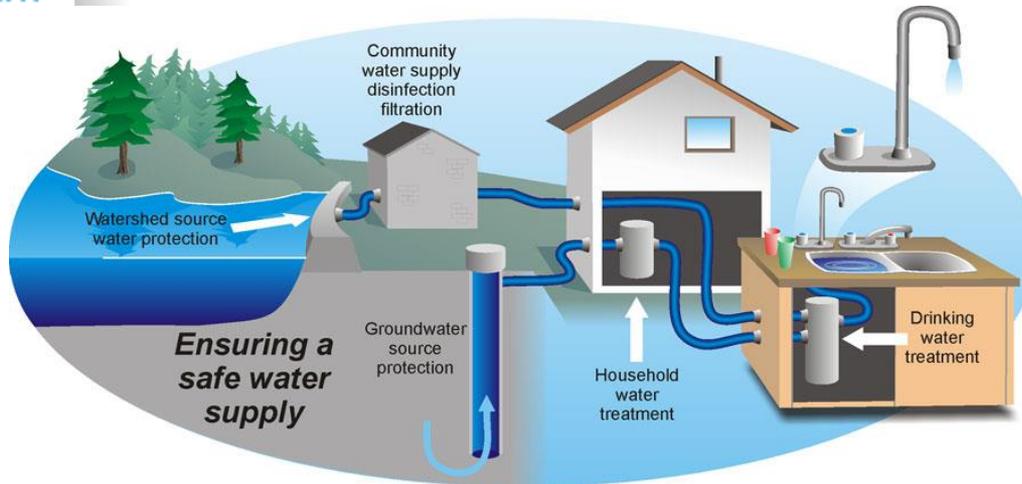

WATER MANAGEMENT DELTA MANAGEMENT

Focusses on:

- ✓ Making the life on the coast safer and comfortable
- ✓ Creating areas, attractive to tourists
- ✓ Living safely, despite the effects of climate change
- ✓ Managing projects in delta areas around the world

WATER MANAGEMENT AQUATIC ECO TECHNOLOGY

- ✓ **Research how water can best be managed in urban, rural and industrial settings**
- ✓ **Study vulnerable areas and ecosystems**
- ✓ **Coastal protection, based on the use of natural materials and processes**
- ✓ **Water purification**

CHEMISTRY

- Applied Chemistry
 - Life Sciences
- ✓ Two specialisations
 - ✓ 40% of the programme in the laboratories
 - ✓ Small classes
 - ✓ Two in-company internships of five months each
 - ✓ Laboratories with state-of-the-art equipment
 - ✓ Cooperation with top level multinational companies

When it comes to Vitamin C, how do different orange juices compare?

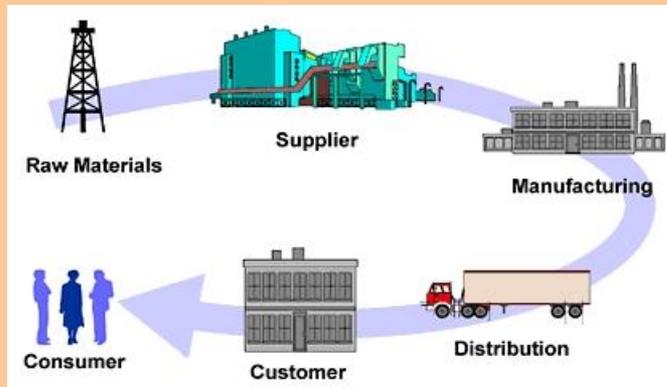

LOGISTICS ENGINEERING

Maritime Logistics

Supply Chain Management

Human Logistics

- ✓ *IF YOU ARE INTERESTED IN INDUSTRIAL ENGINEERING*
- ✓ *IF YOU WANT TO WORK ON LARGE TECHNICAL INSTALLATIONS*

Industrial Engineering & Management International Maintenance Management

- Technology
- Business Administration
- Communication

ADMISSION REQUIREMENTS

- 🛡️ Secondary school diploma
- 🛡️ + additional requirements depending on the study programme :
 - Chemistry : biology or chemistry
 - Civil Engineering : physics or mathematics
 - Water Management : biology, chemistry or economics
 - International Business and Languages: French or German at an intermediate level
 - Industrial Engineering, Logistics Engineering, International Business and Management Studies : mathematics or economics
- 🛡️ Good command of the English language :
Equivalent to an IELTS score of 6.0

STUDENT HOUSING

- Two housing corporations : APV and l'Escaut
- 3 to 9 bedroom-apartments (+/- €300/month)
- single unit with kitchen and bathroom (€450/ month)
- Furnished, with internet connection
- 5 to 10 minutes from HZ campus, walking or by bike

UNIVERSITY
OF APPLIED SCIENCES

STUDENT LIFE

WHAT NEXT?

A Master's programme or work?

- 27% of HZ graduates continue on a Master's programme
- 67% find a job within 3 months

WHAT NEXT?

MSc studies in
Evolutionary Biology
in Germany

Master in medical
biology in the
Netherlands

Master in Business
combined with a
traineeship at Air
France

Master in Water
Technology in the
Netherlands

WHAT NEXT?

Daniel, Water Management
Junior Process Engineer at Royal Haskoning DHV in the Netherlands

Emiel, IBL
Mc Donald's Key Account Manager at Lamb Weston/Meijer

Wouter, Logistics Engineering
Advisor Logistics & Infrastructure
Zeeland Seaports

Romy Logistics
Production Planner at PepsiCo - Tropicana

Vincent, IBMS
team leader at a Dow Chemical Company

FEES AND COSTS

Tuition fees for 2016-2017:

- €1984 per year for **EU students**
- €7950 per year for **non-EU students**

Additional costs:

- €240-450 per month for a room
- +/- €300/month for living costs
- Insurance (€35/month)

HZ - PERFECT CAREER PREPARATION

I was pleased to find here well-prepared teachers that help us acquire knowledge in the most productive way. HZ offers you the advantage that - after finishing the study - you already have work experience at a renowned company.

OF APPLIED SCIENCES

HZ – STANDING OUT

As part of my third year, I decided to do my minor at Kwathleen Polytechnic University of Vancouver, where I specialised in climatology, natural hazards and environmental issues. Then I did my internship in Panama. There I worked on the hydraulic analysis for future land development.

From Romania

Water
Management
Graduate

ORHIDEEA

HZ – EXCELLENCY

I chose to study at HZ because of the small groups, the quiet city and the seaside. After coming here, I realized that I definitely made the right decision. The small groups make the classes feel comfortable and the lessons are more like a conversation between the students and the lecturer, instead of it simply being a frontal lecture.

From Romania

Studying Logistics

RAUL

HZ – SELECTED IN A TALENT PROGRAMME

Having done my minor at Radboud University Nijmegen in Medical Biology. there are many differences between an Applied University and a Research one: a Research University offers more theoretical knowledge and just a few practical assignments, but none were hands on, while in HZ everything I studied about, I also did in the lab.

ALEXANDRA

UNIVERSITY
OF APPLIED SCIENCES

HZ – PERFECT CAREER PREPARATION

The HZ University offered me the opportunity to learn in an international environment and make friends from different parts of the world. Now the program IBMS provides me the adequate preparation for a career in international business, dealing with subjects like marketing, finance and economy.
