

# International Food & Agribusiness

## In short

The world is facing an enormous challenge – feeding more people in a rapidly changing world. Do you want to be part of the solution? Our mission is to inspire you to become a gamechanger in global food and agri systems. Together with young professionals from across the globe, you gain relevant knowledge of the complex and interesting food & agribusiness sector. You also develop essential business and personal skills, and learn to apply these to address the latest opportunities and challenges that sustainable food and agri systems are facing worldwide.

- + Develop scenarios for sustainable future proof food systems.
- + Design international business models driving change.

'For me the most important criteria while looking for universities was that it should have a balance of theoretical and practical experiences as well as be located in an international friendly country.'

## Study Fees

Visit our website to check the current tuition fees.

Indication of costs for books & excursions in year 1: € 499

## Admission Requirements

The level of your diploma will be assessed after you have uploaded your diploma and transcript of records in Studielink. To find out how your secondary school diploma is valued in the Netherlands, check the Country Module for your country of origin on [nuffic.nl/en](http://nuffic.nl/en).

Curious to know if the programme really fits you? Request the study choice check to your Study Advisor, which is required to complete for the International Food & Agribusiness programme.

## English Language Requirements

Students who have completed their previous education in English are exempted from this requirement. All other students need to provide proof that they are proficient in the English language. HAS advises the IELTS language test [www.ielts.org](http://www.ielts.org). Overall band score (academic programme) must be at least 6.0. More information about other tests, like TOEFL and Cambridge ESOL Certificate, see our website.
